Ohio Electronic Child Care Provider Informational Webinar Registration Information

The Ohio Electronic Child Care (Ohio ECC) swipe card system is scheduled to go live statewide on January 1, 2012. Families authorized by the county department of job and family services to receive publicly funded child care will begin using a swipe card with their provider's point of service (POS) device to report the time and attendance of children in care beginning January 1, 2012.

A webinar is a web-based presentation that is viewed over the internet. You must listen to the webinar over the phone by dialing a toll-free number. Providers are encouraged to register and participate in a provider webinar to learn about Ohio ECC, the POS device, swipe cards, and the Ohio ECC Provider Website (PWeb). The same information will be shared at each provider webinar, so providers need to attend only one, but are welcome to attend more than one.

Once you register for the webinar, you will receive an email confirmation from messenger@webex.com. It has been our experience that the email confirmation sometimes is sent to your SPAM or junk mail. It is recommended that you make messenger@webex.com an approved sender to your email account to avoid having the registration email confirmation go to your SPAM. Please register early to reserve your spot and please watch for a confirmation email in your Inbox

There are three ways you can register for a webinar. To register, please choose one of the following:
