Child Care

Ohio counties provide child care services and early learning opportunities that families need to succeed at work and at school. Through state and federal funding, families whose income is at or below 185 percent of the federal poverty guideline can receive payment for all or part of their monthly child care expenses while parents work or attend job training.

The state's Early Learning Initiative (ELI), which was implemented in 2006, gives low-income children the kinds of social and educational experiences they need to be ready for kindergarten.

Any child who was in care/placement, even for a single day, was counted. Even if a child re-entered care/placement during the year, they were only counted once. OWF and Related Medicaid Eligibles

Children and adults in families that are eligible for Ohio Works First (OWF) cash assistance are also automatically entitled to Medicaid coverage. This program helps pay the medical expenses of eligible low-income families, children up to age 19, and pregnant women. These individuals receive their care through managed care plans (MCPs). MCPs function much like HMOs and PPOs. They often cover services that the traditional fee-for-service Medicaid program does not.
