

Pause for a child

Title:

Parent Education Events

Abstract:

Hamilton County will offer seven parent education events focusing on child abuse prevention, delivered through the Hamilton County Strengthening Families Initiative, throughout the month of April. Two of the seven events will be a Community Parent Education Event and will include training on **Darkness to Light's Stewards of Children** which is a child sexual abuse prevention curriculum.

The other five events will be **Parent Cafés** which will include a presentation on the five protective factors in addition to the Parent Café curriculum. Parents will learn how the protective factors can eliminate child abuse and neglect and strategies they can use to support other families in the community to decrease incidence of abuse. Each family will also receive a **Parent Guide** which will give parents parenting tips that they can use within their own home that support the protective factors.
