

Establish state and local partnerships to embed the Strengthening Families Protective Factors into Ohio's Quality Rating and Improvement System (Step Up to Quality).

So that

A statewide Quality Rating and Improvement Systems (QRIS) workgroup will be established.

So that

The Strengthening Families Protective Factor language will be embedded into Ohio's Step Up to Quality benchmarks and indicators.

So that

Strengthening Families Protective Factor trainings are created and professional development opportunities will occur.

So that

Childcare providers will complete a self assessment and incorporate the Strengthening Families Protective Factors into their early childhood programs.

So that

Early childhood centers will change policies and practices to create an increased level of partnership between early childhood professionals, parents and their communities.

So that

Families feel supported in parenting their children.

So that

More children live in safe, stable and nurturing families and communities.
