

Change Journal for the ODJFS Companion Guides

<http://jfs.ohio.gov/OHP/tradingpartners/info.stm>

November 2009

All guides except the 835, 834, and 820 are now dated November 2009

835 Version 6 (835V6)

Dated May 23, 2008

No changes

270 Version 3

Dated 11-09

ISA 01: Removed code 03

ISA 03: Removed code 01

ISA 06: Updated user note to: If you are sending to Medicaid then: This field should contain the 7-digit Medicaid

Trading Partner ID assigned to the Sender of this file. Since this is a fixed-length field, it should be filled with spaces to meet the minimum length requirement of 15.

If you are receiving from Medicaid then: This field should contain the value MMISODJFS assigned to the Sender of this file (Ohio Department of Job and Family Services). Since this is a fixed-length field, it will be filled with spaces to meet the minimum length requirement of 15

ISA 08: updated user note: If you are sending to Medicaid then: This field should contain the value MMISODJFS assigned to the Receiver of this file (Ohio Department of Job and Family Services). Since this is a fixed-length field, it should be filled with spaces to meet the minimum length requirement of 15.

If you are receiving from Medicaid then: This field should contain the 7-digit Medicaid Trading Partner ID assigned to the Receiver of this file. Since this is a fixed-length field, it will be filled with spaces to meet the minimum length requirement of 15

GS- updated example; note will not delete

GS02: Updated note: If you are sending to Medicaid then: This field should contain the 7-digit Medicaid Trading Partner ID assigned to the Sender of this file.

If you are receiving from Medicaid then: This field should contain the value MMISODJFS assigned to the Sender of this file (Ohio Department of Job and Family Services).

GS03: updated note: If you are sending to Medicaid then: This field should contain the value MMISODJFS assigned to the sender of this file (Ohio Department of Job and Family Services).

If you are receiving from Medicaid then: This field should contain the 7-digit Medicaid Trading Partner ID assigned to the receiver of this file.
