

OWF Participation Rates Report February 2005

The OWF Participation Rates Report provides statewide and county performance levels for the federal and state All-Family and Two-Parent participation rate standards. The report covers a six-month period and provides preliminary participation rate data for the most recent month available and final data for the preceding five months. The report was designed to assist the state, counties, and service providers in tracking each county's participation rate standards.

Under the federal welfare reform law, H.R. 3734, each state must meet work participation rate requirements or face a possible reduction of federal TANF funding. There are two federal work participation rate standards that each state must meet: 1) All-Family and 2) Two-Parent. The All-Family standard applies to all families receiving Ohio Works First who have an adult or minor head of household in the assistance group. The Two-Parent standard applies to two-parent families receiving Ohio Works First who have an adult or minor head of household in the assistance group.

In order to meet the federal All-Family standard, at least 50% of the All-Family assistance groups subject to work participation rates must be participating in a federal work activity for the minimum number of hours per week. To meet the federal Two-Parent standard, at least 90% of the Two-Parent assistance groups subject to work participation rates must be participating in a federal work activity for the minimum number of hours per week. If the state receives a financial sanction due to not meeting one or both of the federal participation rate standards, the state may pass part of the monetary sanction down to the counties who failed to meet the rate.

In addition to the federal requirements, state H.B. 408 mandated state work participation rate standards. The state standard for the All-Family rate is higher than the federal standard. In order to meet the All-Family state standard, at least 55% of the All-Family assistance groups subject to the work participation rate must be participating in a federal work activity for the minimum number of hours per week. The state standard for Two-Parent assistance groups is 90%, identical to the federal standard.

Some or all of the measures are not applicable to some counties as they have been successful in reducing their number of assistance groups to zero.

Summary of Measures (Based on January 2005 final data)

Measure	# of Counties that met or exceeded the measure
55% State All-Family Participation Rate	61
50% Federal-All Family Participation Rate	69
90% Two-Parent Participation Rate	12*
Counties with AGs and met or exceeded all 3 measures	12
Counties with AGs and met or exceeded both the State All-Family and the Two-Parent Participation Rate measures	12

* Ten additional counties have succeeded in reducing their caseloads to zero.
