PURPOSE

The Prevention, Retention, and Contingency (PRC) program is designed to serve low-income families who may or may not currently be receiving Ohio Works First (OWF) cash assistance. OWF encourages family self-sufficiency through employment while it meets temporary needs through cash assistance. The common thread between these programs is *self-sufficiency*, which is defined as the ability to sustain and maintain one's family independently, without need for or reliance on governmental or community agencies.

The PRC program is a tool to encourage families to attain and retain employment, prevent dependency, and promote family stability within the context of community priorities and needs. PRC makes it possible to meet the needs of low-income families through supportive services and/or short-term cash-related payments so that they do not need OWF cash assistance. Specifically, the PRC program falls into three categories:

Prevention Services:

Designed to divert families from ongoing cash assistance by providing short term assistance when crises arise.

Retention Services:

Provided to assist an employed member of the family in maintaining employment by enhancing job skills, overcoming barriers, and providing short-term assistance or wage supplementation if necessary.

Contingency Services:

Provided to meet an emergent need which, if left unattended, threatens the safety, health or well-being of one or more family member.

In Portage County, this plan is a critical tool designed to provide nonrecurring, short-term, crisis-oriented assistance to needy families so that children may be cared for in their own home or in the homes of relatives, to prevent dependency on governmental subsidies by promoting job preparation, work and self-sufficiency, and to alleviate a family crisis that could lead to the removal of a child(ren) from their home.

POLICY STATEMENT

The PRC program is designed to provide benefits and services to needy families and low-income working families who are in need of help with essential supports to move out of poverty and achieve self-sufficiency. This program provides the Portage County Department of Job and Family Services (PCDJFS) with the flexibility to encourage employment and promote self-sufficiency. The program utilizes federal Temporary Assistance for Needy Families (TANF) funds for those who have specific and immediate needs. These benefits and services are consistent with the excluded assistance items as found in 45 C.F.R. 260.31(b). While PRC in Portage County is not on-going OWF assistance, it is designed to include:

1. Services to families to allow an employed adult member to maintain employment and, thereby, achieve or continue self-sufficiency.

2. Employment-related services to OWF families that are at risk of reaching their thirty-six (36) month time limit.
3. Supportive services to enhance family functioning and promote self-sufficiency.
4. Supportive services to at-risk youth including, but not limited to, employment and training.
5. Services to families in crisis involved with child protective services that could affect the removal from or safe return of a child(ren) to the home.
6. Services to families, elderly, and disabled individuals in the event that the Governor declares a disaster or state of emergency and supplemental funding for disaster-related PRC assistance and services are available.
7. Services to families to meet an emergent need caused by circumstances beyond applicant control which, if not satisfied, threatens the safety, health, and/or well-being of one or more family members.
8. Services to families experiencing family violence.
9. Supportive services to promote non-custodial parent engagement and increase the capacity of non-custodial parents to provide emotional and financial support for their child(ren).

In Portage County, these services are provided through PRC preventative services: regular PRC assistance (including contingency services), PRC diversion, PRC supportive services, and PRC disaster assistance.

When appropriate, PCDJFS staff will provide applicants with referral information to access Medicaid, food stamps, child care assistance and other programs that could help them transition from welfare to work. The staff will also explain PRC eligibility factors, time constraints, and funds available for various supportive services.

Portage County will continuously provide fair and equitable treatment to families applying for PRC in accordance with the policies outlined in this document. Procedural guidelines detailing the application of these policies are available through PCDJFS. The scope of services outlined in Appendix A cannot be reduced, limited or restricted unless the Plan is amended.

EXPLORING COMMUNITY RESOURCES

Applicants must explore and utilize any program, benefit or support system available that may reduce or eliminate the emergent need within the local community prior to the authorization of PRC. The application may be denied if the needed service is available through another resource.

The "local community", as it relates to PRC, may include areas beyond Portage County's boundaries. A PRC assistance group is required to utilize all other resources prior to applying and utilizing any PRC program or service. Personnel determining eligibility for PRC should be aware of community resources that may be utilized to help meet the need. For PRC purposes, payment for Home Energy Assistance Program (HEAP)-eligible utilities will not be authorized while HEAP is available. In the

event that disconnection of service is imminent, a statement of approval/denial will be required from the HEAP administering agency prior to approval of utility expenses.

ASSISTANCE GROUP COMPOSITION

An assistance group is defined as a group of individuals treated as a unit for purposes of determining eligibility for the PRC program. In Portage County, an assistance group for PRC services includes all household members residing at the same address and must consist of at least:

- A minor child
Per Ohio Revised Code (ORC) 5107.02(G), minor child means either of the following:
 - (1) an individual who has not attained eighteen (18) years of age; or,
 - (2) an individual who has not attained nineteen (19) years of age and is a full-time student in a secondary school or in the equivalent level of vocational or technical training (G.E.D. classes do not qualify); **or**,
- An emancipated minor (needs to provide court verification); **or**,
- A pregnant individual with no other minor children who is medically verified to be pregnant; **or**,
- A parent with shared custody of the minor child(ren) who lives in the county and who sometimes lives in the same household with the minor child(ren); **or**,
- A non-custodial parent of a minor child who lives in Portage County but does not live in the same household as the minor child may be eligible for specific PRC services. Applicant must provide documentation of established child support responsibility and verification that applicant is in compliance with the current order.

While a minor child in the assistance group is a requirement for PRC services, a child that is temporarily absent from the home in accordance with the timeframes established in Ohio Administrative Code (OAC) 5101:1-3-04 may be considered in the home for PRC eligibility purposes, if all of the following conditions are met:

1. The location of the absent child is known.
2. There is a definite plan set forth by Children Services for the return of the absent child to the home.
3. The absent child shared the home with the assistance group before the onset of the absence and receiving OWF (Ohio Works First) assistance prior to removal.
4. PRC benefits/services will assist with the return of the absent child(ren).
5. The child has been absent no longer than forty-five (45) consecutive days.

OAC 5101:1-3-04 also sets forth exceptions to the requirement that the assistance group member be absent for no longer than forty-five (45) days: When the temporary absence is due to the removal of a child by Children Services, a reunification plan to return the child to the home within six (6) months from the date of removal is required.

PRC RESIDENCY REQUIREMENTS

To be eligible for PRC services, assistance groups must reside in Portage County and meet the residency requirement as outlined in OAC 5101:1-3-03.

Section 5101:1-3-03 of the Ohio Administrative Code (OAC)

A. Residency Requirement

1. Residence in the state is a requirement for OWF. Residence is established by a person who

is living in Ohio voluntarily with the intention of making his/her home in Ohio. Residence may also be established by a person who is living in Ohio, is not receiving assistance from another state, and entered Ohio with a job commitment or seeking employment in Ohio, whether or not currently employed. A child is a resident of the state in which the parent, legal guardian, custodian or specified relative caring for the child is a resident.

2. Absence from the state for more than thirty (30) days constitutes evidence of intent to establish residence elsewhere, unless a written statement has been submitted to indicate intent to return to Ohio. The written statement must be retained in the case record. The County Department of Job and Family Services shall consider such written statement as acceptable proof of intent to return to Ohio. A statement is not considered acceptable proof of intent to return to Ohio when the applicant/recipient contradicts the statement by giving up Ohio living arrangements, applying for public assistance in another state, or securing long-term housing arrangements in another state.

Residency will be established by living in the county voluntarily with the intent to remain permanently or for an indefinite period of time. An applicant may also establish residency that is not receiving assistance in another state or county and who has entered the county with a job commitment, whether or not currently employed.

Individuals or families from areas affected by a national disaster as designated by the President of the United States must reside in Ohio voluntarily with the intention of making his/her home in Ohio. PCDJFS will presume intent to remain if the applicant is from an affected area and is uncertain whether they intend to remain (as stated in Family Stability Letter #36 for OWF residency).

ECONOMIC NEED

All household members must verify that for thirty (30) days prior to making application for the requested services, the actual total gross income was equal to or less than the Economic Need Standard established for each service/benefit. If all members of the PRC assistance group (AG) are the same as a currently active Public Assistance AG and if the Economic Need Standard for the Public Assistance program the AG is receiving is equal to or less than the Economic Need Standard for PRC, income verification may not be necessary. Verification that is obtained by telephone must be clearly documented in the record and include the name and position of the supplier of the verification, the date the verification was obtained and the verification details. For PRC contracted services, the contractor acting as the agent of PCDJFS may assess the eligibility of the applicant and provide services based on that judgment; however, PCDJFS will be the final authority regarding an applicant's PRC eligibility.

All income that has been received by the household during the thirty (30) day budget period is considered when determining financial need with the exception of the earned income of a minor child still in school. The thirty (30) day budget period begins with the date the PRC application is received by PCDJFS. The only allowable deduction from the countable income is legally obligated child support payments paid by a household member to or for a non-household member. This wage withholding must be verified (OAC 5101:1-24-20).

If the dollar amount owed on a specific requested PRC cash-related service exceeds either the individual cap for that service or the overall PRC maximum benefit available, the applicant will be responsible for paying any overages. Documentation that the applicant has paid, or made arrangements to pay their portion of requested service will be required before PRC payment will be processed.

For PRC Supportive Services, the receipt of federal means-tested benefits provides adequate verification that the assistance group has an economic need. Applicant must verify how this need will be met in future months.

TANF ASSISTANCE

In 1996 the Federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) authorized the TANF program in order to reduce the cyclical dependence on the welfare system. TANF encourages self-sufficiency for families through employment while meeting their basic needs through temporary cash assistance. Self-sufficiency is defined as being able to sustain and maintain one's family independently without need for, or reliance on, government or community agencies. Four (4) core goals/purposes comprise TANF:

1. Provide assistance to needy families so children may be cared for in their own home or in the homes of relatives.
2. End dependence of needy parents by promoting job preparation, work, and marriage.
3. Prevent and reduce out-of-wedlock pregnancies and establish goals for preventing and reducing the incidence of these pregnancies.
4. Encourage the formation and maintenance of two-parent families.

PRC services provided by PCDJFS are customized to fit the individual assistance group. Services must relate directly to the promotion and achievement of self-sufficiency in accordance with 45 CFR 260.31. See Appendix B for specific guidance.

PCDJFS will serve both OWF participants and other needy families as specified in this PRC Plan. PCDJFS will not provide medical services under this program except when pre-pregnancy family planning services are offered. Under no circumstances will an employee of the Portage County Department of Job and Family Services be an approved vendor.

PRC applicants discovered to have fraudulently received or improperly disposed of services and/or benefits will be required to reimburse Portage County Department of Job and Family Services for the full amount of the services and/or benefits and may be subject to prosecution. Applicants currently sanctioned for non-compliance with an OWF self-sufficiency contract are ineligible for PRC services with the exception of the PRC supportive services offered under child welfare, domestic violence situations or contracted services for noncustodial parents. Applicants currently having a client caused overpayment of any kind after October 1, 1997 are ineligible for PRC. Any adult or head of household having an overpayment will not be eligible for PRC benefits until an active repayment plan is in place. If agreed upon payments are not maintained any subsequent PRC payments may be denied.

**IN THE EVENT THAT AN EMERGENCY/DISASTER
THREATENS OR INCAPACITATES OPERATIONS AT PCDJFS,
THE PRC PLAN WILL BE TEMPORARILY SUSPENDED.**

PRC APPLICATION AND ELIGIBILITY

Applicants are required to complete an application and provide all necessary verification. Applicants must have a clearly defined need and demonstrate that receipt of the service will promote their goal of self-sufficiency. Eligibility is dependent on the family unit's verified need and the determination that PRC assistance will satisfy the need. Eligibility for PRC benefits or services is not automatic. Any subsequent PRC applications for regular PRC received within thirty (30) days of the initial application shall be marked as duplicate and filed in the PRC file.

Regular PRC services/benefits are available to an eligible applicant once in a 12-month period per service. Some services are only available once in 24-months, 36-months, or once in a lifetime based on the application date.

PRC Application and Eligibility Points of Interest:

1. In order for the PRC applicant to be found eligible, the gross income of the complete household must be at or below 200% of the current Federal Poverty Guidelines (FPG) which are updated and distributed by Ohio Department of Job and Family Services every February.
2. Properly submitted applications for PRC Program assistance shall be approved or denied within thirty (30) days after all necessary verifications are received by PCDJFS. Applications where the verifications are not received within thirty (30) days will be denied.
3. Social security numbers of each member of the household must be provided on the application. The applicant may be required to provide:
 - verification of household composition;
 - age of each individual;
 - driver's license or state ID for applicant; and,
 - school attendance (for children ages 18-19).
4. All income received by all household members during the past thirty (30) days will be considered and verified in determining eligibility. If all members of the PRC Assistance Group (AG) are the same as a currently active Public Assistance AG and if the Economic Need Standard for the Public Assistance program the AG is receiving is equal to or less than the Economic Need Standard for PRC, income verification may not be necessary.
5. Applicant family must make every effort to explore the availability of financial and/or services within the state of Ohio prior to approval of PRC program services.
6. PCDJFS provides all customers with the opportunity to register to vote. The voter registration application as prescribed by the Secretary of State under ORC 3503.10 will be made available to persons who are applying for, receiving assistance from, or participating in the PRC program. Applicant will mark the appropriate checkbox. If applicant does not check either box, he/she will be considered to have decided not to register to vote at that time. Applying to register or declining to register to vote will not affect the amount of assistance that applicant will be provided by the agency.

7. PRC services must be used within ninety (90) days of the date the PRC application is approved. If the applicant still is in need of the service and wants assistance from the PRC program after ninety (90) days, a new application must be filed.
8. Payment for all PRC services will be made directly to providers, not the applicant. Payment for PRC services received prior to application approval will not be reimbursed.

Applicants for PRC are responsible for completing all necessary documents, furnishing all available forms and information, and cooperating in the eligibility determination process. Applicants must utilize all available income and resources in meeting the presenting need. Applicants are eligible if they meet all eligibility requirements on the date of application.

The application can be denied for failure to meet the eligibility requirements, failure to cooperate, quit a job within the past sixty (60) days, failure to demonstrate employment or participation in a work-related activity, failure to provide information needed to determine eligibility within thirty (30) days of the application filing date or serving a current sanction. Final approval of the PRC request is based on established guidelines as included in the PRC plan, and availability of PRC funds. The applicant's signature on the PRC application will serve to authorize the exchange of information between PCDJFS and the designated provider.

A PRC applicant who disagrees with a determination made on their case may request a state hearing by way of the state hearing request process outlined in the Explanation of State Hearing Procedures form (JFS 04059). A copy of this document is provided as an attachment to each PRC application.

INELIGIBILITY

The following individuals are automatically ineligible for PRC assistance under the Portage County PRC Plan:

1. Fugitive felons and probation and/or parole violators.
2. An individual who is not a U.S. citizen or a qualified alien.
3. Individuals with any outstanding client caused overpayment balance after October 1, 1997 until the member of the assistance group repays the cost of the claim.

- 9. Individuals giving false or incorrect information.
- 10. Individuals who are not residents of Portage County.
