Open Case Management Spans for Disenrolled Members

The percentage of the MCP's adult and children case management records accepted by ODJFS that have open case management date spans for members who have disenrolled from the MCP.

Numerator: Number of case management records for members who: 1) have beginning dates of case management prior to the last date of the report period; 2) have disenrollment dates within the report period; 3) have disenrollment dates after the beginning date of case management; and 4) do not have case management ending dates prior to or on their disenrollment date.

Denominator: Number of case management records in CAMS for an MCP that have case management spans that overlap the report period.

Data Source: CAMS

Report Periods: July – September, 2007
October – December, 2007
January – March, 2008
April – June, 2008
