

Medicaid Managed Care Benefit Package

Ohio's Medicaid Managed Care Program covers primary and acute care services mandated by the federal government as well as optional services Ohio has elected to provide. Some services are limited by the number of visits per year or the setting in which they can be provided. The following is a general list of the benefits covered by the Ohio Medicaid Managed Care Program.

Ohio Medicaid Managed Care Covered Benefits
Inpatient hospital services
Outpatient hospital services (including those provided by rural health clinics & federally qualified health centers)
Physician services
Laboratory and x-ray services
Screening, diagnosis, and treatment services for children under age 21, under the Healthchek (EPSDT) program
Family planning services and supplies
Home health and private duty nursing services
Podiatry
Chiropractic services
Physical, occupational, developmental, and speech therapy services
Nurse-midwife, certified family nurse practitioner, and certified pediatric nurse practitioner services
Prescription drugs*
Ambulance and ambulette services
Dental services
Durable medical equipment and medical supplies
Vision care services, including eyeglasses
Short-term rehabilitative stays in a nursing facility, including certain over-the-counter drugs
Hospice care
Behavioral health services

* Effective October 1, 2011, MCPs will resume responsibility for prescription drugs and medical supplies covered by Ohio Medicaid. Managed Care enrollees must obtain prescription drugs and medical supplies from pharmacies and medical equipment suppliers that have a contract with their Managed Care Plan.
