## Child Day Camp Background Check Review Summary- SFY 2017

Child day camps in Ohio are required to register with the Ohio Department of Job and Family Services (ODJFS) and obtain criminal background checks for all staff. Ohio Administrative Code 5101:2-18 outlines the requirements for child day camps and the responsibility of ODJFS. Each year, ODJFS randomly selects at least 40 percent of the registered camps to conduct a review of staff background checks to determine compliance. Day camps that are non-compliant must submit a corrective action plan and may be subject to an on-site inspection.

The following is a report of the day camps reviewed in State Fiscal Year 2017. The report also indicates the compliance status, day camps not in operation, number of staff background checks reviewed, the number of staff background checks out of compliance, and the corrective action submitted.
