Early Head Start/Head Start	Y	Y	Y	Y	Y	Y	B-5	Y	Grantee/Delegate Agency	Ongoing****	N	Y (Performance Standards)

* All ECE programs are required to be highly-rated (3-, 4-, or 5- star rated), and must meet the program standards outlining transition requirements.

**Across programs: I am not sure the definition here. All of programs work on transition planning and try to connect families with other community agencies (preschool, early childhood learning center etc)

**Kindergarten entry: most of our sites only serve children to age 3.

** Age group: most of our sites serve to age 3 but there are a handful of sites that have MIECHV funding that serve to age 5.

***only require a transition if the child left EI less than nine months before the child's third birthday (when EI ends). If a child leaves EI prior to that, no transition is *required*.

****Examples and transition resources can be found at <https://eclkc.ohs.acf.hhs.gov/transitions>. Head Start employs an Ongoing Monitoring Systems (OGM) throughout the program year.
