

Practice Profile #6

Evaluating

Monitoring outcomes of service plans and system programs to determine if the desired goals are being achieved and, if not, using this information to reconsider either goals and strategies developed in the planning phase, or services and resources identified in the implementation stage.

Ideal Practice Highlights

- Discuss and document how services meet desired outcomes
- Conduct comprehensive and holistic family service reviews
- Assess whether the current interventions are helping the family meet immediate, intermediate, and long-term outcomes
- Communicate with service providers about how the family is applying new skills
