Dear child care provider,

In a few days you will receive a request to fill out a brief questionnaire for an important project that we are conducting for the State of Ohio.

The project concerns the rates paid for child care in Ohio. The information we collect will be used to adjust the rates that the State of Ohio pays for child care in your local area.

The adjusted rates will help improve access to quality child care for low income families in Ohio. These more accurate rates may benefit your business even if you do not participate in any state or county child care assistance programs.

We are writing in advance because we have found that many people like to know ahead of time that they will be contacted. **Your rate information will be kept confidential and will not be shared with your competitors or the public.**

If you are no longer a child care provider, it would help us if you would note that on the questionnaire when you receive it and return it to us.

Thank you for your time and consideration. It's only with the participation of dedicated child care providers that this project will be a success.

Sincerely,

Gerald M. Kosicki, Ph.D.
