Topic: CFIS Alert – INF45 File Processing Errors

Today's INF45 file has not yet successfully processed this morning and is, therefore, not available for download. Local agencies that have already downloaded the INF45 file this morning will have received yesterday's expenditure data. MIS is working to determine the cause of these file processing failures and will continue to work on having the file ran successfully today. In the meantime, BCFTA and MIS are exploring additional measures to resolve this problem.

Please refrain from downloading the file at this time. Counties will be notified when the current INF45 file is available for download.

Please contact your ODJFS Fiscal Supervisor if you have any questions and thank you for your patience and cooperation.

Thanks,
CFIS Help Desk
