

Date: 08/27/2009
Sequence: 2010-06
Topic: **Configuration File - Apr-Jun 2009 Qtr Close**

Today (August 27, 2009), counties received a configuration file containing adjustments for Food Assistance Stimulus, Career Advancement Accounts (CAA), Child Abuse and Neglect, and Caseworker Visits. The adjustments will impact the April - June 2009 quarter.

VERY IMPORTANT: A second configuration is now available for counties to download and will replace the initial file sent early this morning. **Counties that have already downloaded the initial file must download the second file into their systems.**

BCFTA requests that counties review the adjustments and contact their ODJFS Fiscal Supervisor with any questions or concerns they may have. **Counties must then reallocate their data files and re-upload the configuration file into CFIS by 3:00 P.M. today (August 27, 2009).**

***NOTE:** Adjustments contained within the configuration file will not be reflected in the next set of preliminary reports distributed to the counties if the file is not uploaded by today's 3:00 P.M. deadline.*

After the configuration files are uploaded into CFIS and processed, **a new set of SFY 2009 preliminary reports will be distributed to the counties on Friday, August 28, 2009.**

Please contact your ODJFS Fiscal Supervisor if you have any questions.

Thank you.
