

Date: 09/01/2009  
Sequence: 2010-06-B  
Topic: **Configuration File - Apr-Jun 2009 Qtr Close**

---

Today (September 1, 2009), counties will receive a configuration file containing adjustments for the April - June 2009 SSRMS Reconcile and affecting the following funding sources: Chafee, KPIP, and Medicaid. The configuration file also includes corrections to Career Advancement Accounts (CAA).

BCFTA requests that counties review the adjustments and contact their ODJFS Fiscal Supervisor with any questions or concerns they may have. **Counties must then reallocate their data files and re-upload the configuration file into CFIS by 3:00 P.M. Wednesday (September 2, 2009).**

*NOTE: Adjustments contained within the configuration file will not be reflected in final reports distributed to the counties if the file is not uploaded by Wednesday's 3:00 P.M. deadline.*

Counties will be notified when final reports are ready for distribution.

Please contact your ODJFS Fiscal Supervisor if you have any questions.

Thank you.
