

Date: 04/14/2010
Sequence: 2010-29
Topic: **WIA PY '07 and FY '08 grants**

GRANT AVAILABILITY

BCFTA has restored availability of financial coding for the WIA PY '07 and WIA FY '08 funding sources to temporarily allow the areas to report additional expenditures to these grants. The PY '07 and FY '08 WIA grants are now available for the January through March 2010 reporting period.

FIFO REPORTING

WIA areas may utilize this funding by re-coding expenditures previously reported to the following open grants:

PY '08 and FY '09
PY '09 and FY '10

WIA areas are required to make these coding adjustments in accordance with the first in, first out (FIFO) accounting method. **Local areas will not perform a post-allocated adjustment to utilize these grants.**

AVAILABLE AMOUNT

The amount of available funding on these grants is the amount listed on your most recent October through December Final Over/Under report. The balance of the PY '07 and FY '08 grants is the amount that may be utilized by the area for open grant expenditures.

Please contact your ODJFS Fiscal Supervisor if you have any questions.

Thank you.
