

Date: October 15, 2010
Sequence: 2011-07
Topic: **DOD SNAP & FAET Allocation**

DOD SNAP

BCFTA recently sent Supplemental Addendums to SFY 11 Subgrant Agreements to each CDJFS. These Addendums were dated 10-08-10 and included your agency's allocation amount for the new Department of Defense Supplemental Nutrition Assistance Program allocation.

OAC rule 5101.9-6-09.2 outlines the details of this allocation and was available for public review and comment the last 2 weeks in August as Clearance # 6855. The rule is awaiting review by the Joint Committee on Agency Rule Review (JCARR) which is scheduled to occur on November 15, 2010. We anticipate the rule will be final no later than the end of November. A copy of the draft rule is attached for your review.

The allocations will not be available for use until the OAC rule has been final filed. At that time, counties will be notified that they may perform a post allocated adjustment for eligible expenditures incurred by September 30, 2011. There is no separate liquidation period for this funding; counties may use the allocation for eligible expenditures through the end of FFY 11.

Start dates and end dates on the 10-8-10 Addendum are incorrect; ODJFS will issue a revised Supplement to SFY 11 Addendum which will include accurate dates for use of the funding.

FAET

ODJFS has issued an increase to each CDJFS Food Assistance Employment and Training Allocation. This increase in funding is available for expenditures incurred during the July through September 2010 quarter.

Please contact your ODJFS fiscal supervisor with questions about this information.
