

Date: March 3, 2011

Sequence: 2011 – 11A

Topic: Correction for **Adult Protective Services Coding**

The purpose of this BCFTA update is to make a correction to BCFTA Update 2011-11 “Adult Protective Services Coding.” The recent update stated that the new coding available for counties to capture costs associated with APS that are not eligible for Title XX or Title XX TANF Transfer will be:

Program Code 701 Adult Protective Services
Activity Code **701** Non Title XX Adult Protective Services

This combination is **incorrect**. The correct program/activity code combination is:

Program Code 701 Adult Protective Services

Activity Code 700 Non Title XX Adult Protective Services

Services or activities designed to prevent or remedy abuse, neglect, or exploitation of adults age sixty or over who are unable to protect their own interests. Includes situations that may require protective services that are not included in the county or State SS plan or otherwise not Title XX eligible.

Please contact your ODJFS Fiscal Supervisor if you have any questions.
