

**Date:** June 3, 2011  
**Sequence:** 2011- 23  
**Topic:** "What's New for SFY 12" Training

---

BCFTA presented a session at the OJFSDA conference last week entitled "What's New in SFY12." BCFTA would like to announce that we are offering the opportunity for those who were not able to attend the conference session to participate in a webinar on the same subject. This training is a high level overview of fiscal changes that are occurring within the next couple of months. The training offered through this webinar is not expected to replace the more detailed training you will receive from your ODJFS Fiscal Supervisor in your next round of regional trainings. This webinar will also present an opportunity for you to ask questions that may arise during the first week of WebRMS implementation.

The following are times and registration links for the sessions. Please select a link for the time you would like to attend and register.
