Topic: SFY Allocation Notices

Counties recently received preliminary allocation amounts for SFY12 as a revised SFY11 subgrant addendum. Upon the governor's signature of Amended Substitute House Bill 153, the state's budget bill for the SFY 2012-2013 biennium, and subsequent appropriation of funding by the Office of Budget and Management, BCFTA will issue final notifications of federal grant and state allocation amounts for SFY12. Allocation amounts will be issued as notices from BCFTA, rather than formal addenda, and will be e-mailed to each county separately.

If, as part of the OMB A-133 audit, the Auditor of State requests documentation of a county's allocations, these notices may be used as the verification of the amounts. The term addenda/addendum has been removed from the subgrant agreements.
