

July 13, 2005 P&T Meeting

The following classes of drugs will be reviewed at the July P&T meeting. Select a class name or scroll down to see the generic names of drugs that will be reviewed in each class. Literature reviewed for each class can be found under [References](#).

Analgesics: COX-2 Inhibitors and NSAIDs
Analgesics: Opioids
Antihistamines: 2nd Generation
Anti-infectives: Cephalosporins - Oral
Anti-infectives: Macrolides- Oral
Anti-infectives: Quinolones- Oral
Anti-infectives: Anti-virals- Herpes
Anti-infectives: Agents for Onychomycosis & Systemic Infections
Anti-infectives: Anti-fungals- Topical
Anti-migraine Medications: Serotonin 5-HT₁ Receptor Agonists
Cardiovascular Agents: ACE Inhibitors
Cardiovascular Agents: Angiotensin Receptor Antagonists
Cardiovascular Agents: Beta-Blockers
Cardiovascular Agents: Calcium Channel Blockers
Cardiovascular Agents: Lipotropics
Electrolyte Depleters
Endocrine: Diabetes- Insulins & Oral Hypoglycemics
Endocrine:Osteoporosis- Bone Ossification Enhancers
Erectile Dysfunction: Phosphodiesterase-5 Inhibitors
Gastrointestinal Drugs: H₂RA and PPI
Genitourinary Agents: Urinary Antispasmodics
Hepatitis C: Pegylated Interferons & Ribaririns
Ophthalmics: Antibacterial- Quinolones
Ophthalmics: Antihistamine/Mast Cell Stabilizers
Ophthalmics: Glaucoma- PG Agonists
Respiratory: Beta-adrenergic Agents- Inhaled
Respiratory: COPD Anticholinergics
Respiratory: Glucocorticoid Agents- Inhaled/Nasal
Respiratory: Leukotriene Receptor Antagonists
Sedative-Hypnotics, Non-Barbiturate
Skeletal Muscle Relaxants, Non-Benzodiazepine
Topical Immunomodulators

Analgesics: COX-2 Inhibitors and NSAIDs

Celecoxib	Ketorolac
Diclofenac/Misoprostol	Meclofenamate
Diclofenac Potassium	Mefenamic Acid
Diclofenac Sodium	Meloxicam
Diflunisal	Nabumetone
Etodolac IR/ER	Naproxen
Fenoprofen	Naproxen Sodium IR/ER
Flurbiprofen	Oxaprozin
Ibuprofen	Piroxicam
Indomethacin IR/ER	Sulindac
Ketoprofen IR/ER	Tolmentin Sodium

**IR/ER= Immediate-release and extended release preparations*

Analgesics: Opioids

Butalbital/APAP/Caff/Cod	Methadone
Butorphanol Nasal Spray	Morphine Sulfate IR/ER
Codeine Phosphate	Oxycodone IR/ER
Codeine Sulfate	Oxycodone/APAP
Codeine/APAP	Oxycodone/ASA
Codeine/ASA	Pentazocine/ASA
Fentanyl IR/ER	Pentazocine/APAP
Dihydrocodeine/APAP/Caff	Pentazocine/Naloxone
Dihydrocodeine/ASA/Caff	Propoxyphene
Hydrocodone/APAP	Propoxyphene/APAP
Hydrocodone/Ibuprofen	Tramadol
Hydromorphone IR/ER	Tramadol/APAP
Meperidine	

**IR/ER= Immediate-release and extended release preparations*

Antihistamines: 2nd Generation

Cetirizine	Fexofenadine-D
Cetirizine-D	Loratadine
Desloratadine	Loratadine-D
Fexofenadine	

**D=combination antihistamine with pseudoephedrine*

Anti-infectives: Cephalosporins - Oral

Cefaclor IR/ER	Ceftibuten
Cefadroxil	Cefuroxime
Cefdinir	Cephadrine
Cefditoren	Cephalexin
Cefixime	Cephalexin Monohydrate
Cefpodoxime	Loracarbef
Cefprozil	

**IR/ER= Immediate-release and extended release preparations*

Anti-infectives: Macrolides- Oral

Azithromycin	Erythromycin Estolate
Clarithromycin IR/ER	Erythromycin Ethylsuccinate
Dirithromycin	Erythromycin Stearate
Erythromycin Base	Erythromycin/Sulfisoxazole

**IR/ER= Immediate-release and extended release preparations*

Anti-infectives: Quinolones- Oral

Cinoxacin	Moxifloxacin
Ciprofloxacin IR/ER	Nalidixic Acid
Gatifloxacin	Norfloxacin
Gemifloxacin	Ofloxacin
Levofloxacin	Sparfloxacin
Lomefloxacin	

**IR/ER= Immediate-release and extended release preparations*

Anti-infectives: Anti-virals- Herpes

Acyclo vir
Famciclovir
Valacyclovir

Anti-infectives: Agents for Onychomycosis & Systemic Infections

Ciclopirox Nail Lacquer	Ketoconazole
Fluconazole	Terbinafine
Itraconazole	

Anti-infectives: Anti-fungals- Topical

Amphotericin B	Miconazole Nitrate
Butenafine	Naftifine
Ciclopirox	Nystatin
Clotrimazole	Nystatin/Triamcin.
Clotrimazole/Betameth.	Oxiconazole
Econazole	Sulconazole
Ketoconazole	Terbinafine

Anti-migraine Medications: Serotonin 5-HT₁ Receptor Agonists

Almotriptan	Rizatriptan
Eletriptan	Sumatriptan
Frovatriptan	Zolmitriptan
Naratriptan	

Cardiovascular Agents: ACE Inhibitors

Benazepril	Lisinopril
Benazepril/Amlodipine	Lisinopril/HCTZ
Benazepril/HCTZ	Moexipril
Captopril	Moexipril/HCTZ
Captopril/HCTZ	Perindopril
Enalapril	Ramipril
Enalapril/Felodipine	Quinapril
Enalapril/HCTZ	Quinapril/HCTZ
Fosinopril	Trandolapril
Fosinopril/HCTZ	Trandolapril/Verapamil

Cardiovascular Agents: Angiotensin Receptor Antagonists

Candesartan	Losartan/HCTZ
Candesartan/HCTZ	Olmesartan
Eprosartan	Olmesartan/HCTZ
Eprosartan/HCTZ	Telmisartan
Irbesartan	Telmisartan/HCTZ
Irbesartan/HCTZ	Valsartan
Losartan	Valsartan/HCTZ

Cardiovascular Agents: Beta-Blockers

Acebutolol	Nadolol
Atenolol	Nadolol/Bendroflumethazide
Betaxolol	Penbutolol
Bisoprolol	Pindolol
Bisoprolol/HCTZ	Propranolol IR/ER
Carteolol	Propranolol/HCTZ
Carvedilol	Sotalol
Labetalol	Timolol
Metoprolol IR/ER	

**IR/ER= Immediate-release and extended release preparations*

Cardiovascular Agents: Calcium Channel Blockers

Amlodipine	Nifedipine IR/ER
Diltiazem IR/ER	Nimodipine
Felodipine	Nisoldipine
Isradipine	Verapamil IR/ER
Nicardipine IR/ER	

**IR/ER= Immediate-release and extended release preparations*

Cardiovascular Agents: Lipotropics

Atorvastatin	Niacin IR/ER
Ezetimibe	Pravastatin
Fenofibrate	Pravastatin/ASA
Fluvastatin IR/ER	Rosuvastatin
Gemfibrozil	Simvastatin
Lovastatin IR/ER	Simvastatin/Ezetimibe
Lovastatin/Niacin	

**IR/ER= Immediate-release and extended release preparations*

Electrolyte Depleters

Calcium Acetate	Calcium/Magnesium/FA
Calcium Carbonate	Lanthanum Carbonate
Calcium/Magnesium	Sevelamer

Endocrine: Diabetes- Insulins & Oral Hypoglycemics

Acarbose	Metformin IR/ER
Insulin Preparations	Miglitol
Glimepiride	Nateglinide
Glipizide IR/ER	Pioglitazone
Glipizide/Metformin	Repaglinide
Glyburide	Rosiglitazone
Glyburide Micronized	Rosiglitazone/Metformin
Glyburide/Metformin	

**IR/ER= Immediate-release and extended release preparations*

Endocrine:Osteoporosis- Bone Ossification Enhancers

Alendronate	Ibandronate
Alendronate/Vitamin D	Risedronate
Calcitonin-Salmon Nasal	Tiludronate
Etidronate	

Erectile Dysfunction: Phosphodiesterase-5 Inhibitors

Sildenafil
Tadalafil
Vardenafil

Gastrointestinal Drugs: H2RA and PPI

Cimetidine	Omeprazole
Esomeprazole	Pantoprazole
Famotidine	Rabeprazole
Lansoprazole	Ranitidine
Nizatidine	

Genitourinary Agents: Urinary Antispasmodics

Darifenacin	Solifenacin
Flavoxate	Tolterodine IR/ER
Oxybutynin IR/ER/Patch	Trospium

**IR/ER= Immediate-release and extended release preparations*

Hepatitis C: Pegylated Interferons & Ribavirins

Peginterferon Alfa-2A
Peginterferon Alfa-2B
Ribavirin

Ophthalmics: Antibacterial- Quinolones

Ciprofloxacin	Moxifloxacin
Gatifloxacin	Ofloxacin
Levofloxacin	

Ophthalmics: Antihistamine/Mast Cell Stabilizers

Azelastine	Ketotifen
Emedastine	Levocabastine
Epinastine	Olopatadine

Ophthalmics: Glaucoma- PG Agonists

Bimatoprost
Latanoprost
Travoprost

Respiratory: Beta-adrenergic Agents- Inhaled

Albuterol	Pirbuterol
Formoterol	Salmeterol
Levalbuterol	Salmeterol/Fluticasone
Metaproterenol	Terbutaline

Respiratory: COPD Anticholinergics

Albuterol/Ipratropium
Ipratropium
Tiotropium

Respiratory: Glucocorticoid Agents- Inhaled/Nasal

Beclomethasone	Fluticasone
Budesonide	Mometasone
Flunisolide	Triamcinolone

Respiratory: Leukotriene Receptor Antagonists

Montelukast
Zafirlukast

Sedative-Hypnotics, Non-Barbiturate- Oral

Estazolam	Temazepam
Eszopiclone	Triazolam
Flurazepam	Zaleplon
Quazepam	Zolpidem IR/ER

**IR/ER= Immediate-release and extended release preparations*

Skeletal Muscle Relaxants, Non-Benzodiazepine - Oral

Baclofen	Metaxolone
Carisoprodol	Methocarbamol
Carisoprodol/ASA	Methocarbamol/ASA
Chlorzoxazone	Orphenadrine
Cyclobenzaprine	Orphenadrine/ASA/Caff
Dantrolene	Tizanidine

Topical Immunomodulators

Pimecrolimus
Tacrolimus
