

Definitions of Services Provided by the Ohio Home Care and Transitions Waivers

Adult Day and Health Services. Services delivered to adults in a day-care setting as an alternative to being cared for at a home during the day.

Daily Living: Help with activities of daily living provided by a home health aide or personal care aide. Examples of daily living services include bathing, dressing, and grooming.

Emergency Response Systems. Electronic devices that send a signal to a monitoring company when someone who needs emergency response activates the system.

Home-Delivered Meals. Planned by a dietician in consultation with the consumer and doctor as needed.

Home Modifications. Construction or remodeling to make a home accessible to a person with disabilities.

Nursing: Services provided by a registered nurse (RN) or licensed practical nurse (LPN) under the supervision of an RN. Examples of nursing services include G-tube feeding, medication administration, and wound care.

Out-of-Home Respite. Temporary placement of a waiver consumer in an institution to provide relieve for the care giver(s).

Skilled Therapies. Services delivered by a licensed therapist for occupational therapy, physical therapy, and speech and hearing therapy.

Social Work and Nutrition Counseling. Available if they are identified as needed by your case manager.

Supplemental Adaptive/Assistive Devices. Appliances, equipment, and supplies that meet the consumer's medical needs or increases the consumer's functional ability.

Supplemental Transportation. Transportation not otherwise covered which enable consumers to meet goals identified in the All Services Plan.
