

*Ohio's Workforce
Case Management System (OWCMS)*

Gerrie Cotter, May 2016

OWCMS

- Current and Future Functionality
- Access Control
 - Search for Form 7078 at ODJFS Forms Central
 - Form 7078 – Forward it to Robert.Wilson04@jfs.ohio.gov for fastest processing
- OWCMS link:
<https://owcms.ohio.gov/whatsnew/home.do>

OWCMS

Ohio Workforce Case Management System

JULY 2016 (PHASE 1)

WIET (available now)

- Providers able to enter their own data
- Locals can approve and add local training providers
- Individuals can search schools/providers
- Caseworker can enroll client in training from a drop down list

WIOA Youth eligibility calculation

- Allows OWCMS to calculate WIOA Youth eligibility for the caseworker

Y/N Indicator for TANF/CCMEP eligibility

- Caseworker able to indicate TANF/CCMEP eligibility after determination based on intake with WIOA Youth application

Intake – WIOA Youth application (paper) plus OWCMS notes

- Most data points are already being captured in OWCMS
- Any fields not being captured in OWCMS can be entered in the notes section of OWCMS

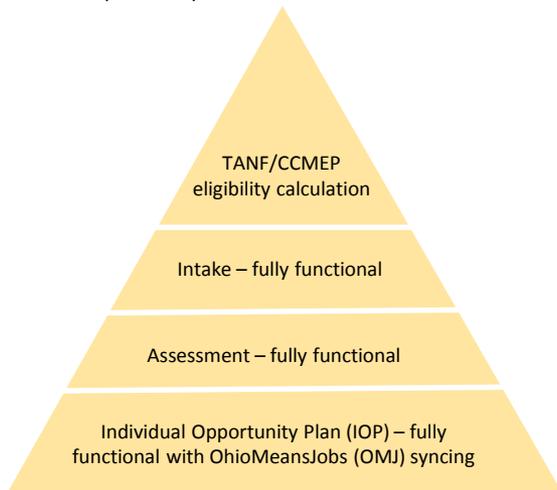

Assessment – Fillable PDF and possibly barcoded form

- Fillable PDF available for counties to use in Phase 1.
- State creating barcoded version of this form outside of OWCMS if time allows, once barcoded IOP is complete

Individual Opportunity Plan (IOP) – barcoded form with data conversion to OWCMS in Phase 2

- This will be outside of OWCMS as a standalone barcoded form
- Caseworkers will capture data in barcoded form. Services and some intake data will need to be entered in OWCMS immediately. The additional data captured (i.e. specific activities and activity details) in the barcoded form will be transferred and converted to OWCMS in Phase 2

SPRING 2017 (PHASE 2)

OWCMS

Ohio Workforce Case Management System

TANF/CCMEP eligibility calculation

- CCMEP will be its own program in OWCMS and will operate like other programs (i.e., dislocated worker, youth, etc.)

Intake – fully functional

- All data points on WIOA Youth Eligibility form will be available for capture in OWCMS

Assessment – fully functional

- All data points on the CCMEP assessment form will be available for capture in OWCMS
- Assessment data will generate a summary document available in OWCMS and be transferred to client's OMJ backpack

Individual Opportunity Plan (IOP) – fully functional with OhioMeansJobs (OMJ) syncing

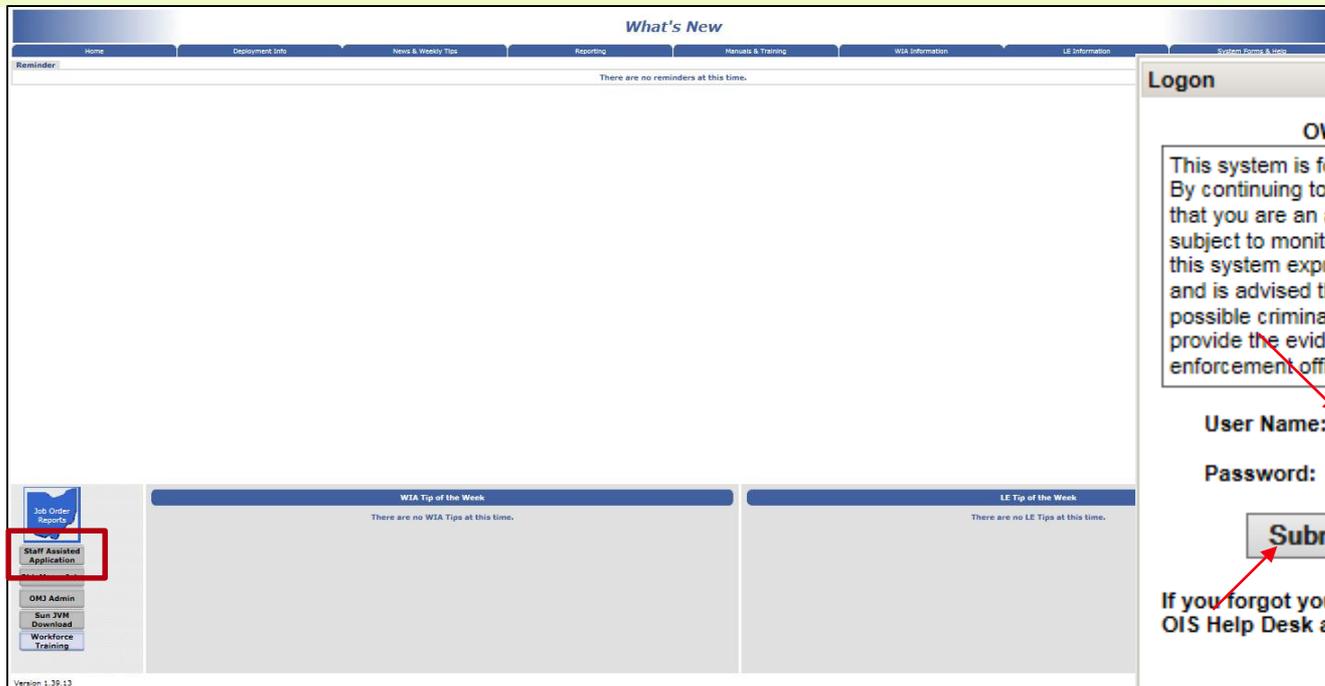

- All data points on the CCMEP IOP will be available for capture in OWCMS
- IOP activities data will transfer to OhioMeansJobs client backpacks
- Data syncing for IOP will be available with data being transferred in both directions from OWCMS to OhioMeansJobs and vice versa so caseworker can monitor client's IOP progress and determine whether activities have been completed

Social Security Number Unavailable:

- If the client has no SS#
 - If client in CRISE, let the SS# come over from CRISE (will come as all zeros)
- If client not in CRISE, use this formula to generate a SS#: 9+date of birth (MMDDYYYY) Example: 907111999 for someone born 7/11/1999. If SS# is already used, you may need to modify slightly.
- Be sure to update the SS# when the client obtains one. If the new # is entered in CRISE, it should automatically update in OWCMS.

OWCMS

Services (IOP)

Services and WIOA Eligibility:

- In order to access either the WIOA or TANF funded WIOA Youth Services, each client will need to be WIOA Youth eligible in OWCMS so take care with the intake sections related to WIOA Youth eligibility. TANF eligible youth will likely also be WIOA Youth eligible.
