RE: WARN Notice of Plant Closing

Dear Sir or Madam,

Please be advised of our recent decision to close the Sam's Club at 27853 Chardon Road in Willoughby Hills. We announced to our associates that the Club will close effective today, May 6, 2009. We have tried to improve the financial performance of the club for several years. While our associates enthusiastically embraced those efforts, it is with disappointment that we have decided to discontinue our operations.

I want you to understand that our foremost goal is to take care of our associates. The Sam's Club in Willoughby Hills employs approximately 130 associates. All associates will receive 60 days pay immediately and will be eligible for employment at area Walmart stores and Sam's Club locations. Sam's Club will host a job fair for Willoughby Hills associates in which we will provide guidance as they apply for positions at other Walmart stores or Sam's Club locations.

We provide you this information pursuant to the Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§2101 et seq. ("WARN"). The Sam's Club located at 27853 Chardon Road, Willoughby Hills, OH., 44092 will be permanently closed on May 6, 2009 and the associated employment losses will likely meet the thresholds of WARN. Although most Sam's Club Associates will not be asked to attend work after May 6, 2009, all Sam's Club Associates will continue to be employed through July 5, 2009, and will receive their regular pay and benefits through their separation date.

Willoughby Hills Sam's Club members are encouraged to shop at other Sam's Club area locations. In addition, their membership is valid for use on samsclub.com. However, if they choose, we will offer refunds on memberships. Refunds will be available at the Willoughby Hills Sam's Club location through May 17, 2009.

We hold a lease on the Willoughby Hills property. Our real estate team will be working with the landlord regarding the next tenant.

Pursuant to 20 CFR §639.7(e)(1-6), I hereby provide you with the following required information:
