

Dial **7 1 1** to place a relay call!

Dialing 7-1-1 makes it even easier to reach Ohio Relay!

What is 7-1-1?

7-1-1 is a new statewide telephone relay number that connects standard (voice) telephone users with deaf, hard-of-hearing, and/or speech-disabled people who use text telephones (TTYs).

Relay users can now simply dial 7-1-1 to connect with the Sprint Ohio Relay Service. This allows more user-friendly access, particularly for less experienced relay users such as businesses or friends and family of TTY users.

Is 7-1-1 for emergencies?

No, 7-1-1 is not an emergency number and should not be confused with 9-1-1. However, if you use a TTY and cannot obtain emergency services on 9-1-1, you may call 7-1-1 and tell the communication assistant (CA) you have an emergency. The CA will then relay your call to the appropriate emergency service provider.
