Ohio County QuickView Reports

State Fiscal Year (SFY) 2017, Q1

The Ohio County QuickView Reports present timely summaries of relevant agency program performance by county. For many program areas, both current and prior performance data is shown. Demographic information for each county also is provided. The reports are updated quarterly with the most recent validated data available.

Some county agencies have merged their operations. For example, agencies in Hocking, Ross and Vinton counties have combined to form the South Central Ohio (SCO) JFS. Agencies in Defiance and Paulding counties merged to become the Defiance/Paulding Consolidated Job and Family Services. The QuickView reports include data for all counties served by the merged agencies.

Child Welfare: Ohio’s Differential Response System, CY 2016 (3rd Qtr.)

Ohio values keeping a child with family and those with whom he or she has a connection. Ohio’s public children services agencies strive to work with relatives who are willing and able to assume custody of a child and any siblings to explore this option first in order to prevent a child from coming into an agency’s care.

Foster Care Placements in Ohio, CY 2016 (3rd Qtr.)

Ohio continues the partnership with the Dave Thomas Foundation for Adoption (DTFA) which, through its signature Wendy’s Wonderful Kids (WWK) program, has increased the number of adoptions of children aged 9 to 17 in the permanent custody of children service agencies. Under the WWK model, children are 1.7 times more likely to be adopted than those not served.

Foster Care Placements in Ohio, CY 2016 (3rd Qtr.)

Ohio values keeping a child with family and those with whom he or she has a connection. Ohio’s public children services agencies strive to work with relatives who are willing and able to assume custody of a child and any siblings to explore this option first in order to prevent a child from coming into an agency’s care.

Wendy’s Wonderful Kids (WWK) Adoption Placement Program

ODJFS continues the partnership with the Dave Thomas Foundation for Adoption (DTFA) which, through its signature Wendy’s Wonderful Kids (WWK) program, has increased the number of adoptions of children aged 9 to 17 in the permanent custody of children service agencies. Under the WWK model, children are 1.7 times more likely to be adopted than those not served. Many of these children have been in foster care for more than two years.

## Wendy’s Wonderful Kids (WWK) Adoption Placement Program

**Dave Thomas Foundation Partnership**

ODJFS continues the partnership with the Dave Thomas Foundation for Adoption (DTFA) which, through its signature Wendy’s Wonderful Kids (WWK) program, has increased the number of adoptions of children aged 9 to 17 in the permanent custody of children service agencies. Under the WWK model, children are 1.7 times more likely to be adopted than those not served. Many of these children have been in foster care for more than two years.

Ohio values keeping a child with family and those with whom he or she has a connection. Ohio's public children services agencies strive to work with relatives who are willing and able to assume custody of a child and any siblings to explore this option first in order to prevent a child from coming into an agency’s care.

On January 1, 2013 the new South Central Ohio Job and Family Services (SCOJFS) agency began operations. The multi-county agency resulted from the merger of Hocking, Ross, and Vinton counties. Staff and commissioners from all three counties worked together for two and a half years to make the merger possible. The new shared service agency provides all the same services as any other county agency, while maximizing resources to more efficiently use Ohio’s taxpayers dollars.

For some data categories, datasets for each county in the SCO agency will be displayed. Their combined totals, where mathematically possible, are shown in the ‘SCO’ column of the data category.

The Defiance/Paulding Consolidated Job and Family Services was formed in October 2013 from an integration of each county's Job and Family Services agencies. The combined efforts to administer various federally and state funded programs benefits communities by assisting families with economic supports, job seeking and training assistance, investigating child and elder abuse and neglect, foster care, adoption, and various Medicaid programs.

For some data categories, datasets for both Defiance and Paulding counties will be displayed. Their combined totals, where mathematically possible, are shown in the 'Consolidated' column of the data category. In cases where data for both counties is now being reported under Defiance County there will be blank spaces on the Paulding County report. (i.e., SNAP and OWF)
