

# Pause for a child

---

**Title:**

Power of Prevention

**Abstract:**

The Power of Prevention Event integrates Butler County's current child abuse and neglect prevention strategies – Choose Your Partner Carefully, Not a Single Drop and Incredible Years - into an interactive, fun event to raise awareness of those strategies and reinforce the power of prevention in preventing child abuse and neglect. Recognizing that professionals need to have the same knowledge of, and access to, prevention resources as families, the event will have two target populations: professionals and families.
