

Hello. I'm Michael Colbert, Director of the Ohio Department of Job and Family Services. April is Child Abuse and Neglect Prevention Month, during this time I would like to remind all Ohioans to take time for prevention – and “Pause for a Child.” All parents get frustrated sometimes – but it's important to pause before you react. For more suggestions, and to find out how you can create positive change in your community, visit the Ohio Children's Trust Fund at **jfs.ohio.gov**.
