ASHTABULA COUNTY
JOB & FAMILY SERVICES

Prevention, Retention, and Contingency Plan

Prepared by: Ashtabula County Job & Family Services
Revision effective: August 18, 2020
PURPOSE

The Prevention, Retention, and Contingency Program (PRC) is designed to provide non-recurrent, short-term, crisis-orientated assistance benefits and services to needy families and low income employed families of Ashtabula County that do not extend beyond four months. The PRC Program is to encourage families to attain and retain employment, prevent dependency, and promote family stability within the context of community priorities and needs. PRC makes it possible to meet the needs of low-income families through supportive services and/or short-term cash related payments so that they do not need OWF cash assistance. The essential supports goal is to move out of poverty and become self-sufficient. Specifically, PRC is defined as:

**PREVENTION:**
Designed to divert families from ongoing cash assistance by providing short term assistance when crises arise.

**RETENTION:**
To assist an employed member of the family in maintaining employment.

**CONTINGENCY:**
Provided to meet an emergent need by which, if not met, threatens the safety, health or wellbeing of one or more family members.

The requirements are directly related to the four purposes of the TANF (Temporary Assistance for Needy Families) program (reference 45 CFR 260.20) which do not meet the federal definition of assistance. The four purposes of the TANF program are:

1. To provide assistance to needy families so that children may be cared for in their own homes, or in the homes of relatives.
2. End the dependence of needs parents on government benefits by promoting job preparation, work and marriage.
3. Prevent and reduce the incident of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incident of these pregnancies.
4. To encourage the formation and maintenance of two-parent families.

These non-recurrent benefits and services are consistent with the federal definition of “non-assistance” as found in 45 CFR 260.31 (b). The definition of “non-assistance” includes:

1. Non-recurrent, short-term benefits that: a) are designed to deal with a specific crisis situation or episode of need; b) are not intended to meet recurrent or ongoing needs; and c) will not extend beyond four (4) months.
2. Work subsidies, i.e., payment to employer or third parties to help cover the costs of employer wage, benefits, supervision, and training.
3. Supportive services, such as transportation provided to families who are employed.
4. Refundable earned income tax credits.
5. Contributions to, and distributions from, Individual Development Accounts.
6. Services such as counseling, case management, peer support, transitional services, child care information and referral, job retention, job advancement, and other employment related services that do not provide basic income support.

7. Transportation benefits provided under a Job Access or Reverse Commute Project to an individual who is not otherwise receiving assistance.

PRC PROGRAM RESTRICTIONS BASED ON FEDERAL AND STATE LAW

Counties are required to follow the federal and state laws that are applicable to the PRC program. Listed below are Federal prohibitions based upon 42 USC 608, Section 431 of PRWORA (as amended by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 and the Balanced Budget Act of 1997), and the Ohio Revised Code Chapter 5108:

1. No medical services except for pre-pregnancy family planning services.
2. No COBRA insurance payments.
3. May not be used to supplant spending in the areas of child support enforcement, foster care, or adoption assistance under Titles IV-D and IV-E of the Social Security Act.
4. No costs sharing or matching requirement of another federal program unless specifically authorized by 2 CFR 225, Appendix A.
5. No Federal TANF program funds may be used to construct or purchase buildings, facilities or to purchase real estate. Appropriated funds may not be used for the permanent improvement of property, including construction and purchase.
6. A state or county may not use TANF funds for general expenses required to carry out other responsibilities of the county (e.g., building roads, providing public education, etc.).

ASSISTANCE GROUP COMPOSITION

PRC grants and services are available to a family assistance group (AG) which includes a minor child as defined in Section 5108.01 and 5108.06 of the Revised Code. A minor child is defined as an individual who has not attained eighteen years of age; or has not attained nineteen years of age and is a full-time student in a secondary school (or the equivalent level of vocational or technical training), and who has not attained a high school diploma or equivalent (ORC 5107.2; OAC 5101:1-1-01). The child can be connected to more than one assistance group (AG) for PRC purposes. At a minimum, an eligible family must:

1. Consist of a minor child who resides in Ashtabula County with a parent, caretaker relative, legal guardian, or legal custodian;
2. Consist of a pregnant woman;
3. Consist of a minor child residing with other members of the household who may or may not be related to the minor child but are acting in the place of a parent, who may significantly enhance the family’s ability to achieve economic self-sufficiency, i.e., a stepparent or over 18-year old sibling;
4. Be a non-custodial parent residing in Ashtabula County who is currently paying support verified through Child Support Enforcement Agency (CSEA) to a minor child who resides in Ashtabula County and does not live in the same household as the minor child.
5. Parents that are applying for the Opening Doors, New Hope, or Supportive Employment programs and reside in Ashtabula County.
6. Kinship Caregiver Program requirements state that for the caregiver to receive stabilization services, the minor child must be under age eighteen at the time of the application, or if the child meets the definition of special needs pursuant to paragraph (U) of the rule 5101: 2-16-01 of the
Administrative Code, they may remain eligible until they turn eighteen. For the caregiving services, the child must be under age thirteen at the time of the application and will remain eligible until they turn age thirteen.

A child may be “temporarily absent” from the home in accordance with the time frames established in rule 5101:1-3-04 B (8) of the Ohio Administrative Code and still qualify for PRC. During the temporary period, the child is considered to be residing with the parent, caretaker relative, legal guardian, legal custodian, or other adult acting in the place of a parent. The assistance group member cannot be absent for longer than forty-five (45) consecutive days. Rule 5101:1-3-04 also sets forth exceptions to the requirement. When a child is removed from the home by PCSA if there is a reunification plan to return the child to the home within six (6) months. ACJFS may continue to help the eligible family through expenditures that are reasonably calculated to accomplish one of the four purposes of the TANF program including some expenditure for the temporarily absent child. The child that is temporarily absent from the home must meet the following conditions:

1. The location of the absent child is known.
2. There is a definite plan set forth by Children Services for the return of the child to the home.
3. The absent child shared the home with the assistance group (AG) prior to the onset of the absence.
4. PRC benefits/services will assist with the return of the child.

The child must return to the home by the end of the six-month period. Otherwise, the child no longer resides with the parent, specified relative, legal guardian, or legal custodian. It is not reasonable to determine that a child is temporarily absent from the home if the child has been adjudicated, or otherwise determined to require placement outside of the home for longer than the state’s established temporary period (six months). The child can be in more than one PRC assistance group. The dollar amount of one PRC assistance group does not count against the dollar value provided to another assistance group containing the same child.

The exception to the assistance group requirement is that for TANF pregnancy prevention services, it will be available to families with children as well as to childless individuals.

ELIGIBILITY

In order to receive PRC benefits and services, a member of the assistance group (AG) must be a citizen of the United States or a qualified alien as defined in Section 5101:1-2-30 of the Ohio Administrative Code. See also Section 403(a) of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996.

- PRC benefits are available to residents of Ashtabula County.
- Each person applying for PRC must provide a Social Security number, or apply for a Social Security number, as a condition of TANF and is required under Section 1137(a) of the Social Security Act.
- Eligibility for PRC benefits is dependent upon the AG’s demonstration and verification of need for assistance and/or services. Income of the AG must be compared to the economic need standard established for the PRC benefits requested. The economic need standards are based upon federal poverty guideline measures (FPL) which is updated annually. To determine eligibility for the PRC grants or services, the AG income must be equal to or less than the FPL.
- Receipt of assistance from programs such as Ohio Works First (OWF) and entitlement programs such as Medicaid and Supplemental Nutrition Assistance Program (SNAP) does not preclude eligibility for receipt of benefits within the PRC program.
- Eligibility for PRC benefits is twelve (12) consecutive calendar months beginning from the date of the original application. The eligibility period for PRC grants and PRC services are independent of each other.
- The PRC payments are limited to only the amount actually required to meet the emergent need. The amount available must meet the emergent need. If the need cannot be met, the payment cannot be made.
- PRC benefits in Ashtabula County are only available to AG’s who have not received PRC benefits during the previous twelve (12) months in any other county in the State of Ohio. If PRC benefits were issued in another county, the twelve (12) month span will run concurrent with the twelve (12) month span PRC was authorized in the other county.
- This is not a client-direct cash payment or ongoing support program. PRC may provide short-term benefits and cannot exceed four (4) months in a fiscal year.
- All income which had been received during the thirty (30) day budget period is considered when determining financial need for multiple requests during the twelve (12) month PRC period. The thirty (30) day budget period begins thirty (30) days prior to the request and ends on the date of the request. Payments are only available to an AG once per rolling twelve (12) month period.
- Eligibility will be carefully evaluated on a case-by-case basis. The County is responsible for using fair and equitable treatment to families applying for PRC in accordance with the policies outlined in this document. Eligibility for PRC benefits will be determined exclusively by the ACJFS.
- Employment and Education Related Case Management Services
  - Limited to in school and out of school youth age 14-24 years of age
  - Referral to the Ohio Means Jobs Ashtabula County (OMJAC) for a comprehensive assessment of barriers
  - Case Management services to alleviate barriers to employment and training for youth with barriers to self-sufficiency.
  - CCMEP services include but are not limited to the following: job readiness, incentives, work experience tutoring and study skills, soft skills development, supportive and follow-up services.
  - All services paid for through CCMEP funding allocations
  - JFS Form 3002 used to determine TANF eligibility and participants have 90 days of the application date to volunteer for the Comprehensive Case Management and Employment Program (CCMEP).
- Payments issued under the PRC Kinship Caregiver program are excluded from the annual cap.
- Payments issued under the PRC Clothes for Children program are excluded from the annual cap.
- Payments issued under the Employment Shutdown, or Pandemic PRC are excluded from the annual cap.

PATTERN OF USAGE/DELIBERATE NON-PAYMENT

Recurring requests for PRC services will be evaluated on a case-by-case basis. An application will be subject to denial if an abusive pattern of usage is established.

An abusive pattern of usage is established when the following occurs: PRC request occurs routinely around the same time of the year, or PRC request coincides with availability of PRC funds. Deliberate non-payment of a household expense for the purpose of receiving PRC will result in denial of the request.
An emergent need beyond the applicant’s control must have resulted from a change in the assistant group’s household circumstances, such as loss of income due to illness, loss of employment or unexpected expenses. This change in circumstance must have occurred within sixty (60) days of the date of application. For purposes of Domestic Violence, the incident must have occurred within sixty (60) days of the application date.

INCOME

The income requirement is met if the entire PRC AG is receiving Supplemental Nutrition Assistance Program (SNAP) and/or the Ohio Works First programs.

If the entire AG is not 100% included in the open Supplemental Nutrition Assistance Program (SNAP), Ohio Works First, then the total gross income, both earned and unearned of all members of the PRC AG shall be counted except for gross earned income of a minor child. A minor child is defined as an individual who has not attained eighteen years of age; or has not attained nineteen years of age and is a full-time student in a secondary school (or the equivalent level of vocational or technical training), and who has not attained a high school diploma or equivalent (ORC 5107.2; OAC 5101:1-1-01). All unearned income of a child, such as child support, social security, interest income, etc., is countable income and is included when determining the AG total income. There are no deductions or exclusions allowed from any type of countable income except:

The following types of income are federally required to be excluded as income as defined in Section 5101:1-24-20 of the Ohio Administrative Code (OAC) when determining financial eligibility for PRC benefits and services:

A. Child support payment distributions made by the Ohio Department of Job and Family Services (ODJFS) pursuant to Division (C) of Section 1 of Am. S.B. 170 of the 124th General Assembly (10/25/2001) and rules 5101:1-29-31.1 and 5101:1-29-31.2 of the Administrative Code.

B. All income that is federally excluded in the determination of eligibility for federal needs-based programs. Federally excluded income includes the income sources identified in paragraphs (C) and (D) of this rule.

C. Drug discounts and transitional assistance received under the Medicare Prescription Drug, Improvement, and Modernization Act, at Section 1860D-31(g)(6) of the Social Security Act (12/08/2003). The language in Section 1860D-31(g)(6) of the Social Security Act, states that the availability of negotiated prices or transitional assistance under this section shall not be treated as benefits or otherwise taken into account in determining an individual’s eligibility for, or the amount of benefits under any other federal program.

D. Monetary allowances paid under Section 401 of the Veteran’s Benefits and Health Care Improvement Act 2000, effective December 1, 2000. Payments authorized and made by the Veteran’s Administration (VA) to provide certain benefits, including a monthly monetary allowance for children with covered birth defects who are the natural children of women veterans who served in the Republic of Vietnam from February 28, 1961 through May 7, 1975.

AG’s with self-employment income shall have the self-employment income determined by using the prior year federal income tax forms. The annual income shall be divided by 12 to determine the monthly income. This is the amount of income to be used for the 30-day budget period. If the self-employment is new and no income tax forms have been filed, or if the prior year tax form is not reflective of current circumstances,
current records of income and expenses may be used. Providing false information on a PRC application or hiding information necessary for the consideration of PRC grants benefits is considered falsification and is subject to criminal penalty.

All income which had been received during the thirty (30) day budget period is considered when determining financial need. The 30-day budget period begins 30-days prior to the date of application and ends on the application date. The gross amount of the AG’s total countable income is compared to the FPL standard for the AG size. If the total AG income is equal to or less than the FPL for the appropriate AG size, the AG meets the income eligibility for the benefit or service.

Written verification of income is required. For all verifications, including receipt of benefits for SNAP, OWF or Child Care, there must be clear documentation concerning the name and position of the supplier of the information, the date the verification was obtained, the amount of the verified income and the name of the individual who obtained the verification.

Income is allowed to be verbally self-attested for the Pandemic PRC application. The ACJFS agency staff shall record the information verbally or through other electronic means on the application.

INELIGIBLE FAMILY ASSISTANCE GROUPS & PENALTIES

Federal and State law must be adhered to when providing PRC benefits and services. Listed below are federal and state prohibitions based upon 42 USC 608, Section 431 of PRWORA (as amended by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 and the Balanced Budget Act of 1997), and the Ohio Revised Code:

1. No assistance for families without a minor child (except in relation to purposes three and four of the TANF program).
2. No assistance to a single individual, unless such individual is pregnant (with above exception).
3. No assistance for families that fraudulently receive assistance under the OWF or PRC program until repayment occurs per Ref 5101.83 ORC and rule 5101:1-23-75 of the Ohio Administrative Code. The ACJFS will verify through Benefit Recovery and the Ohio Benefits system to ensure no fraudulent OWF or PRC assistance exists.

In addition, further restrictions by Ashtabula County include:

1. Fugitive Felons, probation and/or parole violators.
2. Any member of an AG found to have committed an Intentional Program Violation (IPV) in the OWF, PRC, FA and Child Care programs renders that AG ineligible.
3. Individuals ineligible for other programs due to deliberate non-compliance with the terms of their assistance. AG’s that are serving a sanction, or have an imposed sanction, or are ineligible for SNAP, OWF, or Medicaid due to non-cooperation of program requirements.
4. Recipients referred to Budget or Housing Counseling who have failed to follow through and are again requesting any PRC Grant.
5. An unmarried, non-graduate parent under 18, who is not attending high school or the equivalent.
6. An unmarried parent under 18 not living in an adult supervised setting, except as permitted in the OWF regulations and the ACJFS agency policy on minor parent living arrangements.
7. A person found to have fraudulently misrepresented residence in order to obtain assistance in two or more states may be subject to prosecution and is ineligible for one year from the point the fraud
is established. The person fraudulently misrepresented their residence and is convicted by a federal or state court would be subject to a ten-year period of ineligibility from the point the fraud is established. The amount of assistance fraudulently received must be reimbursed in full to the ACJFS prior to regaining eligibility.

If a PRC Grant or Service application is for a payment specifically for a minor, the minor may be found eligible even if the parents are on a sanction. The PRC Grant or Service must be for the minor only. However, the minor child must not be on a sanction for a failure the minor caused. All other eligibility requirements must be met.

Providing false information on a PRC application or hiding information necessary to determine eligibility for PRC benefits is considered falsification and is subject to criminal penalty. A PRC assistance group (AG) that is discovered to have fraudulently received or improperly disposed of PRC grants or services will be required to reimburse the ACJFS the full cost of the benefit and may be subject to prosecution. The AG members will carry this penalty with them if they move to another AG.

OVERPAYMENT POLICY

Any erroneous payments issued under the PRC plan due to client or vendor error, misrepresentation, intentional program violation, fraud or agency error constitutes an overpayment. Pursuant to Section 5101.83 of the Ohio Revised Code and Rule 5101:1-23-75 of the Ohio Administrative Code, PRC benefits and service may not be provided to a family that fraudulently receives assistance under the PRC program until a member of the assistance group (AG) repays the cost of the fraudulent assistance. Overpayments will be referred to the ACJFS Benefit Recover Unit for collection to recover as per agency policy and procedure.

COMMUNITY RESOURCES

Every effort must be made to explore the availability of resources within the community prior to the authorization of PRC. The “local community” as it relates to PRC, may include areas beyond the county’s boundaries. A PRC AG shall apply for and utilize any programs, benefit or support system which may reduce or eliminate the presenting need. The denial for the program, benefit or support system must be for any reason other than non-cooperation on the part of the AG.

Personnel authorizing PRC should be aware of any community resources that could assist a family in need of immediate services. The knowledge of available resources is necessary to determine if any other means within the community may meet or help meet requested need. The PRC application provides a section for written documentation of agency attempts to locate and utilize resources within the community.

APPLICATION

All PRC Grant applicants must complete the form ACJFS 414-Prevention, Retention, and Contingency (PRC) Program Application to request benefits. Applicants requesting PRC services must complete ACJFS-412 Prevention, Retention, and Contingency Services application or an application approved by the Ashtabula County Job & Family Services. Application 412 can be completed at the ACJFS office or other locations approved by the ACJFS. The applicant’s signature on the PRC application will serve to authorize the exchange of information between ACJFS and the designated provider.
Entities contracting with ACJFS to provide PRC services may use alternative application forms only with the approval of ACJFS. All forms will contain language approved by ACJFS which notifies the AG of the state hearing rights.

A face-to-face interview is not required.

During the implementation of Pandemic PRC, per FAL #183-A:
- The agency shall use an application and the staff can record the information verbally or through other electronic means.
- Income verification will include verbal self-attested income for the month of application.
- Direct payments to the applicant are permitted, if the applicant’s income is at or below the initial OWF eligibility test. For applicants who meet the OWF eligibility test, no further follow up documentation will be needed. If the applicant does not meet the OWF initial eligibility test, and are under the 200% FPG they must designate what they are applying for and state a dollar amount; and either a voucher will be paid on their behalf to the vendor, or they will be reimbursed for items purchased, or bills paid in the application month, not to exceed $1500.00.

Eligibility factors, time restraints, and amounts available to pay for the various benefits and services covered under PRC will be explained during an interview or upon request. In addition, anyone applying for PRC benefits will receive appropriate information about, referrals to, and access to Medicaid, SNAP, child care assistance and other programs that provide benefits that could help them successfully transition to work.

All PRC applicants will be advised of the hearing rights and will be provided with a copy of the ODJFS 4059 Explanation of State Hearing Procedures.

The voter registration application as prescribed by the Secretary of State under Section 3503.10 of the ORC will be made available to persons who are applying for or participating in the PRC program (reference Section 329.051 of the ORC).

APPLICANT RESPONSIBILITY

The applicant is responsible for completing all necessary documents, furnishing all available facts and information, and cooperating in the eligibility determination process. An applicant must utilize available income in meeting the presenting need.

Applicants are required to use vendors located in Ashtabula County.

If the amount owed on a specific request for a PRC grant exceeds either the individual cap for that benefit or the overall PRC maximum benefit available, the applicant will be responsible for the difference. Verification that the applicant has paid or made arrangements to pay their portion will be required before the PRC payment will be processed.

STANDARD PROMPTNESS

The focus of the program is to provide and authorize benefits and services within ten (10) days from the receipt of a signed application. In some instances, this time frame will not be met due to unavoidable delays on the part of the applicant or the agency.
The ten-day standard of promptness is a suggested time frame that is intended to stress the importance of processing PRC applications in an appropriately efficient manner. The denial of a PRC application due only to the expiration of the ten-day period is not an acceptable practice.

The AG record should contain sufficient documentation of the case activity on the PRC application, including an explanation of unexpected or unavoidable delays in processing the application.

If the AG fails to cooperate in establishing eligibility, the application will be denied within thirty (30) days from the date of the application.

NOTICE OF APPROVAL/DENIAL

If it is determined that an application for PRC is approved, the ODJFS 4074 “Notice of Approval of Your Application for Assistance” shall be mailed or otherwise delivered. If application is for a service, a copy of the approval will be forwarded to the service provider, indicating the authorization of services by the ACJFS.

If it is determined that an application for PRC services is denied, the ACJFS shall mail or otherwise deliver the ODJFS 7334 “Notice of Denial of Your Application for Assistance”. If the application is for a PRC service, a copy of the denial will be forwarded to the service provider.

The PRC applicant will be given the opportunity to select a provider or vendor. Under no circumstances will an employee of the Ashtabula County Job & Family services be an approved vendor.

Once eligibility for PRC is established, authorization shall occur and a payment for the benefits or services will be generated. Payment to the vendor is made according to the procedures in place. The ACJFS is a tax-exempt government unit and, as such, will not pay taxes owed by any assistance group (AG) member. Policy has been written to ensure all auditing requirements are maintained.

PROGRAM OPERATION

To insure fair and equitable treatment of families applying for PRC, the program shall be continuously in operation according to the standards of the policy and procedures as set forth within this document. The provision of the services is contingent upon the availability of local, state and federal funds, plus a valid contract with qualified provider of the service. The inclusion of a service in this plan is not a guarantee that this service will be available. The amounts cannot be reduced, limited, or restricted unless the program is amended, except in the event of loss or reduction of program funding from the State of Ohio.

A request for payment for background checks or fingerprinting would require the employer to verify they require a background check or fingerprinting of all applicants.

All programs including services and benefits are subject to availability of funds.

AMENDMENTS TO THE PLAN

This plan may be amended or modified at any time upon recommendation of the Executive Director of the Ashtabula County Job & Family Services and the Ashtabula County Board of Commissioners. All amendments will be submitted to ODJFS with effective date of the amendment.
