LEADERSHIP COMMITTEE JANUARY SESSION
DESIGN DOCUMENT

Overall Purpose of This Work:

The Committee serves to make recommendations to the Ohio Department of Job and Family Services to guide the planning and implementation efforts necessary for the successful fulfillment of the requirements of the Federal Family First Prevention Services Act.

Purpose of This Session:

- To review and discuss the following:
  - **Data Sharing and Discovery**
    Presentation of data points that were identified from the December meeting that include a snapshot of children currently in congregate care, high level findings from the QRTP readiness assessments and identification of additional data to explore for upcoming meetings.
  - **Potential Charges for a QRTP Subcommittee**
    Synopsis of the workgroup meeting tasked with identifying proposed tasks/duties of a potential subcommittee focused on the QRTP and structured using the current subcommittee template (disseminated at the December meeting).
  - **Leadership Committee Vision**
    Presentation of a suggested vision for this committee that highlights how the current child welfare system can be transformed through opportunities provided by FFPSA to improve outcomes for families and children in OH.

- Presentation and discussion of the **OH Roadmap** template, a planning framework for organizing the Leadership Committee’s recommendation for FFPSA implementation considerations grounded in committee’s vision for improving outcomes for families and children in OH.
  - Identify the critical elements that should be included in the Roadmap
  - Identify delivery dates for the draft and final versions of the Roadmap by the Leadership Committee

- Conduct an overview of the **Preventive Services requirements** and key considerations for OH.

- Discuss a **structure and plan** for advancing the work on the Roadmap
  - Identify the key issues, critical people/expertise needed and the potential tasks and duties of a subcommittee. (Revisit suggestions from the QRTP workgroup and Preventive Services presentation.)
Identify how best to structure, recruit for and launch subcommittee(s) based on the necessary decisions that must be made related to implementation of FFPSA

**Non-Purposes of This Session:**

- Analysis/speculation on a final date for FFPSA implementation in OH. It is anticipated that once we have more solid recommendations from the subcommittees, it will move us toward identifying an optimal timeframe for FFPSA implementation in OH.
- Once they are launched, it is expected that subcommittees will explore funding options and resources for FFPSA in their development of specific implementation recommendations.
- With the inception of the new governmental administration, speculation on any transitions will not be discussed in this session. Any incoming leadership will be informed on the current status of FFPSA implementation efforts and needs regarding readiness and next steps.

**Background Statements:**

- As subcommittees are formed, it is expected that they will consider how to build upon the good work of IV-E Protect Ohio waiver work in their recommendations for FFPSA implementation.
- The FFPSA QRTP readiness assessment results are currently being analyzed. High-level findings may be available in mid-January. Development of the Preventive Services assessment is still in progress. It is anticipated that distribution of the Preventive Service assessment will occur in mid to late January.
- Federal guidance on preventive services and kinship navigator is out and available
