Adjournment of Session

Summary from the Day, Reflections, Overall Action Steps & Closing

LEADERSHIP ADVISORY COMMITTEE JUNE SESSION DESIGN DOCUMENT

Overall Purpose of This Work:

The Leadership Advisory Committee will review and respond to the work of each subcommittee and workgroup as well as take a deeper dive into a discussion on the Model Licensing Standards. Since the Model Licensing standards are on a different timeline than the other workgroups/subcommittees, it is important that this portion of the work moves along quickly with the goal of a January 1, 2019 effective date.

Purpose of This Session:

- A. Provide updates on the overall progress of the committee, subcommittees, and workgroups.
- B. Provide additional information about the current status of the Model Licensing Standards Workgroup and present recommendations of the workgroup to the Leadership Committee for vote.
- C. Updates on how to move forward with workgroups that don't report to subcommittees (Communications Workgroup, Model Licensing Standards, Prevention of Child Maltreatment Fatalities, IL/Chafee Extension, and Tiered Foster Care / Family-Based Foster Care Continuum)
- D. Decide whether or not to opt in or out of prevention Services.

Non-Purposes of This Session:

Analysis/speculation on a final date for FFPSA implementation in OH. Although we are discussing general time frames, the nuts and bolts of implementation will be reserved for a later date.

Background Statements:

FFPSA directs HHS to “identify reputable model licensing standards with respect to the licensing of foster family homes” (as defined in section 472(c)(1) of the Social Security Act). In response to this directive, the Children’s Bureau issued the National Model Foster Family Home Licensing Standards and states have the option to align or not align with these standards. The Ohio FFPSA Leadership Advisory Committee Model Licensing Standards Workgroup is on a different timeline than the overall Committee and thus will need to move forward with whether or not to align with each standard as outlined by the feds.
