

Date: December 29, 2010
Sequence: 2011-10B
Topic: **State-Funded Allocations**

In addition to the state-funded allocations listed in BCFTA Update 2011-10A, issued on December 21, OBM has also released the 10% holdback for the following allocations:

State Social Services Operating

State Child Protective (SCPA)

Fiesel

State Social Services Operating Allocation

Budgets for all counties will be adjusted to reflect the additional release of the 10% holdback. Counties will not be required to submit requests for the release.

SCPA and Fiesel

Counties receive quarterly advances of both the SCPA and the Fiesel allocations. Quarterly advances for the first 2 SFY quarters were calculated at the 90% allocation level. The advances for the next 2 quarters of SFY11 will be based on 100% of the allocation amount. In addition, counties will receive the difference between the 90% and the 100% for the first two quarterly advances, along with the regular 3rd quarterly advance during January 2011.

QuIC+ will be updated with the revised allocation amounts during your initial download today, December 29, 2010.

Please contact your ODJFS Fiscal Supervisor if you have questions.
