Filing for Unemployment Benefits in Ohio: Quick Tips and Step-By-Step Guide

When to Apply
Apply for unemployment benefits as soon as you become unemployed. Your claim will become effective the Sunday after your application is filed. Your first payment will begin processing after you (1) receive your eligibility determination AND (2) file your first weekly claim. Applying online will help expedite this process. If you are eligible, you will receive payments retroactive to the date you became eligible.

How to Qualify
To be eligible for traditional unemployment benefits in Ohio, you must be totally or partially unemployed through no fault of your own. In addition, you must have worked at least 20 weeks in covered employment and earned at least $280 a week in the base period of your claim (four out of the last five completed calendar quarters). If you had a prior unemployment claim that is expired, you must have worked in covered employment since the beginning of the prior claim year to reestablish yourself as a worker.

Apply Online
Applying online is the quickest way to start receiving unemployment benefits. To apply online, go to unemployment.ohio.gov and follow the steps listed below. If you don’t have access to a computer, you can apply by calling 877-644-6562. Call center hours are 8 a.m. to 5 p.m. Monday through Friday. Note that it is not possible to apply for unemployment benefits in person.
