1.6 How does the Lead Agency partner with the other local participating agency (CDJFS or workforce development agency) to implement CCMEP?

Describe:

Jefferson County Department of Job and Family Services (JCDFJS) is the lead agency and the workforce development agency. JCDJFS will contract with the Jefferson County Community Action Council, Inc. (JCCAC). JCCAC has provided Workforce Services for JCDJFS through WIA, WIOA and now CCMEP since the inception of CCMEP. JCDJFS will contract eligibility, career assessment and training services to JCCAC. Procurement will be by extending the current WIOA contract which was competitively procured on July 1, 2015 and can be extended for 2 one year periods. JCDJFS will treat JCCAC as a sub-recipient for TANF procurement. JCCAC has and will continue attending training at ODJFS along with viewing webinars as available. Utilizing TANF rules, WIOA regulations, and CCMEP rules, JCDJFS and JCCAC will develop policies and procedures as necessary. JCDJFS and JCCAC have an existing OWF referral process in place that has worked successfully. We will continue to utilize this process to ensure a smooth transition for OWF Participants into the CCMEP Program. We will continue to attend training offered by ODJFS to have the information necessary to administer the program and make decisions about strategic ways to use TANF and WIOA funding. JCDJFS will complete their eligibility for OWF and the referral will then be made to JCCAC by email. The OWF case worker will direct the participant to the JCCAC office where an appointment will be set up for intake and eligibility into the CCMEP Program.

JCCAC will use the standardized comprehensive assessment form issued by ODJFS (JFS-03003). This assessment will identify barriers to self-sufficiency and determine the job readiness of program participants. JCCAC has workshops for resume writing, job search, financial, interviews and basic computer skills. All CCMEP Participants will be registered on OhioMeansJobs as per CCMEP Rules. The comprehensive assessment has two constituent parts: the common assessment tool (administered by a case manager) and a basic skills assessment (TABE).

An OWF work-required TANF individual has work activities documented in Individual Opportunity Plan (IOP). To create a common client experience. Under CCMEP, the Individual Opportunity Plan (IOP) refers to the overall approach (or strategy) for providing service to program participants. The Individual Opportunity Plan (JFS-03004) will be used to identify strengths, barriers, long and short term goals, supportive services and assignments to activities in which the program participant will engage. JCCAC and JCDJFS will continue to work together to develop local implementation of the Individual Opportunity Plan. At a minimum, the review of an IOP will include an evaluation of the participant's

service strategy and identify whether short and/or long term goals have been achieved or need to be refined. The IOP will be amended and revised as circumstances warrant. Regardless of whether the individual is referred to CCMEP either as a mandatory or a voluntary participant, the individual will receive a comprehensive assessment and an Individual Opportunity Plan and will have access to the same set of services, including follow-up services, based upon the individual's needs. All participants will have a common client experience irrespective of how the participant entered the program.
