

**Several key upgrades have been made to OWCMS:**

**For the semi-annual TANF eligibility review:**

1. A new filter called “CCMEP TANF Eligibility Review” has been added to the “Case Load View.” This filter will provide access to cases with pending semiannual reviews. OWCMS will calculate 180 days from the date the participant enrolled in the TANF program

2. For existing cases, the system can now recalculate TANF eligibility whenever there has been a status change or when a semi-annual review has been completed. A new screen has been added to record these changes.

**OWF Data Tab Updates:**

1. The “OWF Monthly Hours” field has been updated to default to 87 instead of 20; this can be updated at any time
2. In the CCMEP/TANF Data tab, “OWF” has been changed to “OWF Work Eligible.” In addition, the “Household Past 6 Months of Income up to 10 Family Members” is now called “Household Members Monthly Income.”
3. If a participant is over income, the monthly chart on the CCMEP/TANF Data tab will now show the word “No.” Once “save” has been selected, a warning message will display at the top of the screen saying, “Participant does not meet income requirements.”

**Services and Activities Updated:**

1. Service and activity lists were updated to avoid duplication and remove required fields that were not applicable. Required activity fields were updated to reflect the activity type. All

previously selected services and activities remain in history but are grayed out. Also, the activities associated with each service have been updated for consistency. See an example showing activities for the Labor Market and Employment Information Service and related activities below:

The 'Select Service' dialog box features a search bar at the top with a 'Find' button. Below it is a list of services under the heading 'Service'. The services listed are: FINANCIAL LITERACY EDUCATION, LABOR MARKET AND EMPLOYMENT INFORMATION (highlighted in yellow), LEADERSHIP DEVELOPMENT OPPORTUNITIES, OCCUPATIONAL SKILLS TRAINING, OCCUPATIONAL SKILLS TRAININGITA, and PREPARATION ACTIVITIES FOR POSTSECONDARY E&T. At the bottom, there are 'OK' and 'Cancel' buttons.

The 'Add Activity/Supportive Service' dialog box shows a dropdown menu for 'Activity/Service Name' with the following options: Please select activity, CAREER AWARENESS, CAREER COACHING, CAREER COUNSELING, CAREER EXPLORATION SERVICES, JOB CLUB, JOB PLACEMENT ASSISTANCE, JOB SEARCH, OHIOMEANSJOBS.COM (OMJ) ACTIVITIES, OTHER WORKFORCE ACTIVITIES, and TRAVEL(TIME). A red-bordered callout box contains the text: 'All the previous OMJ Activity types have been removed such as: OMJ Career Profile, OMJ Create a Career Plan, OMJ Job Search, OMJ Job Search Agent, etc. OMJ Activities can be tracked using the OhioMeansJobs Activity'.

The 'Add Activity/Supportive Service' dialog box is shown with the 'Activity/Service Name' dropdown set to 'TRAVEL(TIME)'. The form includes fields for: \*Start Date, \*End Date, \*Hours Per Week, and \*Activity Name. Below these are 'Other Activity Details' fields. A red-bordered callout box states: 'Address, Contact Name, Job Title, and Wage fields have been removed'. At the bottom right, there are 'Close' and 'Save' buttons. A legend indicates '\*=Required'.
