ARIES Steering Committee Meeting

Project Director Tanya Calbert will be presenting a monthly update to the ARIES Steering Committee on June 08th at 9:00 am. The purpose of the monthly discussion is to provide steering committee members with an overview of the project plan and schedule, information about local involvement, status of change requests, available cost options, communications, and upcoming deliverables. As an added feature, the steering committee will view a live demo about System Application and Projects Business Objects (SAP BO), the ARIES functionality that will be replacing BIC COGNOS.

Sprint Demonstration 9

During the most recent completed development sprints, the Monster Government Solutions (MGS) team has implemented improvements to various parts of the Case Management product suite. The enhancements in this release increase core functionality and system flexibilities to support varied employer and customer services. Enhancements were made to the following modules:

- * Foreign Labor Certification (FLC)
- * IOP - Creating an opportunity plan
- * Bulk Uploads – Customer Upload
- * eSignature/Acknowledgments
- * Multi-level program budgets - Enable policy limits fields
- * Addition of Overpayment section to TAA Training Application
- * Addition of Overpayment section to payment record

Your feedback is an important part of the process. After viewing the [30 + videos](#), please log your comments, questions and suggestions in the downloadable spreadsheet available on the site and email it to us at CMAdmin@jfs.ohio.gov. If you need help logging in to the website, the ARIES Videos Help Guide contains instructions regarding how to register and navigate within the website.

**IDEAS
NEEDED!**

Is there specific functionality that you'd like to see a demonstration on? Perhaps a specific workforce program, workflow or report? If so, please email your request to the ARIES Admin Team at CMAdmin@jfs.ohio.gov and we'll help get it scheduled for you!
