Re: **Extension of Notice of Permanent Plant Closing Pursuant to the Worker Adjustment and Retraining Notification Act of 1988 ("WARN")**

On July 31, 2020 we advised you via letter pursuant to the Worker Adjustment and Retraining Notification Act ("WARN") and Ohio Rev. Code Ann. §4141.28(C), that Rassini Chassis Systems, LLC ("RCS" or the "Company") would be undergoing a permanent closing/shutdown of its entire facility located at 1812 Magda Drive Montpelier, Ohio 43543.

The permanent closing/shutdown was expected to begin on October 2, 2020, or within fourteen days thereafter. Employees were expected to be terminated beginning on October 2, 2020, October 16, 2020, October 30, 2020, and December 31, 2020, or within 14 days thereafter. This letter is to notify you that the permanent closing/shutdown date has been postponed due to additional production needs and work tasks associated with the closing of the plant. While a majority of employees will still be terminated on October 2, 2020 or within 14 days thereafter, it is now expected that some employees initially scheduled to be terminated on October 2, 2020 or within 14 days thereafter, will now be terminated on November 21, 2020, or within 14 days thereafter.

If you have any questions about this mass layoff, please contact Jose Resendiz at 419-485-1524 ext 3405 or Deborah Walker at ext 3406.

Sincerely,  
Jose Resendiz
