To whom it may concern,

Starting May 18, 2020, we are beginning indefinite layoffs of approximately 50 total employees. A General Notice was provided to all employees, with Individual Notices provided to the approximately 50 employees who are directly affected.

Over the coming weeks, we will be evaluating our current business circumstances to determine the number of employees we will need to continue to operate our business at levels that are below what we had forecasted as a result of the COVID-19 crisis. This will allow us to determine how many employees will be permanently laid off, at which point we will perform the calculation to determine whether or not WARN will be triggered.

In the spirit of providing as much notice as possible in light of unforeseen circumstances, Breeyn Handberg has advised that we go ahead and make this notification to the State even though we are not certain that we will meet the criteria under the WARN Act.

Please feel free to contact me for any additional information you may require. My contact information is noted below.

Sincerely,

TRUDY A. CHENEY
